

**Green Fever**

**101 North Wacker’s Saturday “Green Initiative” Energy Conservation Program**

-  Please submit all requests to the Office of the building no later than 2pm, the Friday prior to your Saturday morning HVAC request.
-  Identify your Saturday morning HVAC Service request for services between 8:00 AM and 1:00 PM if you will require at least three hours of service.
-  In the case of a last minute emergency, forms may be submitted upon arrival on Saturday and services coordinated with the 101 Security Officer. Please consider it takes time for the system to heat and/or cool, which means not all last minute requests can be honored.

Requested Saturday Date: \_\_\_\_\_

Tenant: \_\_\_\_\_ Floor: \_\_\_\_\_

Start Time (After 8:00 AM): \_\_\_\_\_ : \_\_\_\_\_ am / Stop Time (Before 1:00 PM): \_\_\_\_\_ : \_\_\_\_\_ pm

Print Name: \_\_\_\_\_ Signature: \_\_\_\_\_

**\*\*NOTE: This form is not used for any Billable Overtime HVAC Requests.  
 Contact the Office of the Building for more information.**

**Engineer Use Only!**

**DID YOU KNOW?**

-  Not running 3 floors of HVAC every Saturday for a year would save as much energy as 10.5 households would consume annually.
-  Not running 3 floors of HVAC every Saturday for a year-would save 228,832 lbs of carbon dioxide being released into the atmosphere annually. This would be the same as taking 10 automobiles off of the road for a year!
